

## Year 3/4 Team Video Meeting Sessions.

Dear parent/carer,

We have put together a timetable for our online learning during this period of self-isolation. The sessions outlined are the lesson introductions. Your child's teacher will introduce their learning to enable the children to access the work set by them. This will not be a live teaching session but will be an opportunity to guide your child to their learning. If your child is unable to access their meetings, their work (with instructions) will be available for them to access on Teams, so please don't feel under pressure to attend every session. The most important part is that they complete their learning and submit it to their teacher. We know that this is a very difficult time for parents and juggling homelife with working from home is not easy.

We are also aware that some people are unable to access work set on the internet. If this is the case, please make sure you contact school to arrange alternative arrangements.

This is very new for all of us and there will be teething problems along the way, but we will work through them and keep going.
